## Career Preparation

From anywhere in the world, SCAD students and alumni tap into the support and resources of the university's office for career and alumni success (CAS). From the first day of class to first jobs and leadership roles, CAS provides a bounty of resources, events, and advisement opportunities to help students and alumni thrive in their chosen fields — a SCAD experience that extends beyond their creative education.

Emerging entrepreneurs gain first-hand professional and public-speaking experience through SCADpro, the university's innovation design studio. And, at SCAD Career Fair, SCAD Out2Launch, and more than 700 visits with top employers each year, students pitch their best work to industry leaders and secure pivotal internship and job opportunities.

SCAD offers entry to a prestigious global network of more than 50,000 alumni who become future employers, peers, and collaborators. Through the SCAD Alumni Society, the university advances alumni careers via curated networking services, communication coaching, and distinct offerings like the SCADpro Fund, which invests in new ventures by alumni entrepreneurs, and the SCAD Alumni Atelier, an ambassadorship where distinguished graduates advance their artistic and professional endeavors with a focus on brandbuilding and entrepreneurship. Start your search at [scad.edu/career](https://scad.edu/career).

Students gain key insights from luminaries such as Christopher Young, Tiffany & Co. VP for creative visual merchandising and archives, whose artful dexterity is sought by the world's foremost brands and publications, from Hermès to The New York Times. ▶

## Dream big at SCAD

Through SCAD Summer Seminars, SCAD Rising Star, and joint enrollment, future creative stars make new friends, trendsetting work, and career connections with acclaimed professors — all while getting a glimpse into university life.

**[START YOUR SCAD JOURNEY NOW!](#)**

# Summer Seminars

Connect with creatives from around the world at SCAD Summer Seminars. During this weeklong program, participants choose two workshops from a palette of award-winning academic programs, including animation, business of beauty and fragrance, fashion, film and television, graphic design, illustration, interior design, sequential art, and more.

Nightly activities and events offer Summer Seminars participants the chance to make friends who share similar interests, network with current SCAD students, and experience the local community. Participants are instructed by SCAD professors, alumni, or select graduate students in workshops of 20 or fewer participants, maximizing individual attention and collaboration. For more information, visit [scad.edu/sss](https://scad.edu/sss).

*Open to current high school first-year, second-year, and third-year students.*

“ My Summer Seminars experience changed me. From that moment, I owned the fact that I wanted to do art. SCAD has always felt like home to me. ”

## BENNY GOLDBERG

2022 Global Footwear Award student winner  
B.F.A., industrial design, 2023  
West Bloomfield, Michigan

At SCAD Summer Seminars, high school students live the college life, where they attend demonstrations and lectures, and collaborate with peers.

# SCAD Rising Star

Live life as a SCAD student this summer. Throughout the five-week program, SCAD Rising Star students complete university coursework and earn college credit before they start full-time studies. Rising Star students enroll in two courses and receive individualized instruction from SCAD faculty.

Courses are taught in inspired SCAD spaces, and students live in university residence halls. All Rising Star students have access to industry-leading technology, software, and resources to complete their class assignments, including 4K cameras, 3D printers, and the full Adobe Creative Suite.

*Open to current high school juniors (U.S.) or students in their second-to-last year of high school (international).*

“ I started college with a year finished and ready to take advantage of all the opportunities SCAD offers. ”

## MONICA BENYA

3D artist, Rec Room  
B.F.A., interactive design and game development, 2019  
Dulles, Virginia

Students stay connected outside of class through extracurricular activities and weekly events. Throughout the program, Rising Star students are invited to exclusive events to learn more about renowned SCAD programs, meet current students, and explore SCAD opportunities like SCADpro, the university's creative research and innovation design studio. At the end of the program, a gallery exhibition celebrates student work created during SCAD Rising Star. For more information, visit [scad.edu/rs](https://scad.edu/rs).

SCAD Rising Star students build the foundation to succeed at SCAD, earning credit for creative degrees and forging lasting friendships with peers from all over the world. ▶

# Joint enrollment

Take the next step to SCAD with joint enrollment, the university's online pre-college program. Through SCADnow, joint enrollment students enroll and complete for-credit, university-level courses in art, history, design, digital media, drawing, and more.

SCAD joint enrollment courses are available during each of the university's academic quarters, and students have access to a comprehensive array of digital resources. All eligible SCAD Rising Star alumni are invited to apply for joint enrollment admission.

For more information and to apply, visit [scad.edu/joint-enrollment](https://scad.edu/joint-enrollment).

## ADMISSION REQUIREMENTS

- > Completed online application
- > US\$100 nonrefundable application fee
- > Official high school transcript
- > List of achievements
- > Applicants must be at least 16 years of age to enroll
- > Two letters of recommendation from teachers or counselors (waived for eligible Rising Star alumni)
- > Proof of English proficiency for students whose first language is not English
- > Official report of SAT or ACT scores for citizens or permanent residents of the U.S. (recommended)

## FEES

Application fee (nonrefundable) . . . . .	US\$100
Tuition for one class . . . . .	US\$2,228

SCAD joint enrollment students enjoy access to a wide array of the university's academic resources.

## Path to Admission

# 1

### APPLY

Whichever quarter you plan to start, you're encouraged to apply early as admission is selective. You can begin your application as a high school junior. Complete your application online at [scad.edu/apply](https://scad.edu/apply).

# 2

### CONNECT

Once you've applied, you'll be assigned a dedicated admission adviser to guide you through the admission process.

# 3

### PLAN AHEAD

Map out your future through GRADpath@SCAD and stay for your master's degree. Mix and match to find the perfect complement for your creative pursuits.

# 4

### VISIT

Visit SCAD with daily tours and see for yourself what life is like as a SCAD Bee. Learn more at [scad.edu/visit](https://scad.edu/visit).

## — WELCOME TO SCAD! —

Admission advisers are available to help you:

- ▶ Complete your application file.
- ▶ Learn more about financial aid and scholarships.
- ▶ Plan your visit.
- ▶ Explore housing options.
- ▶ Address questions and concerns.

### WHAT IS GRADPATH@SCAD?

With GRADpath@SCAD, you can earn both your B.F.A. and M.A. in as few as four years or your B.F.A. and M.F.A. in as few as five years. [scad.edu/gradpath](https://scad.edu/gradpath)
