¡HELLO MADRID!

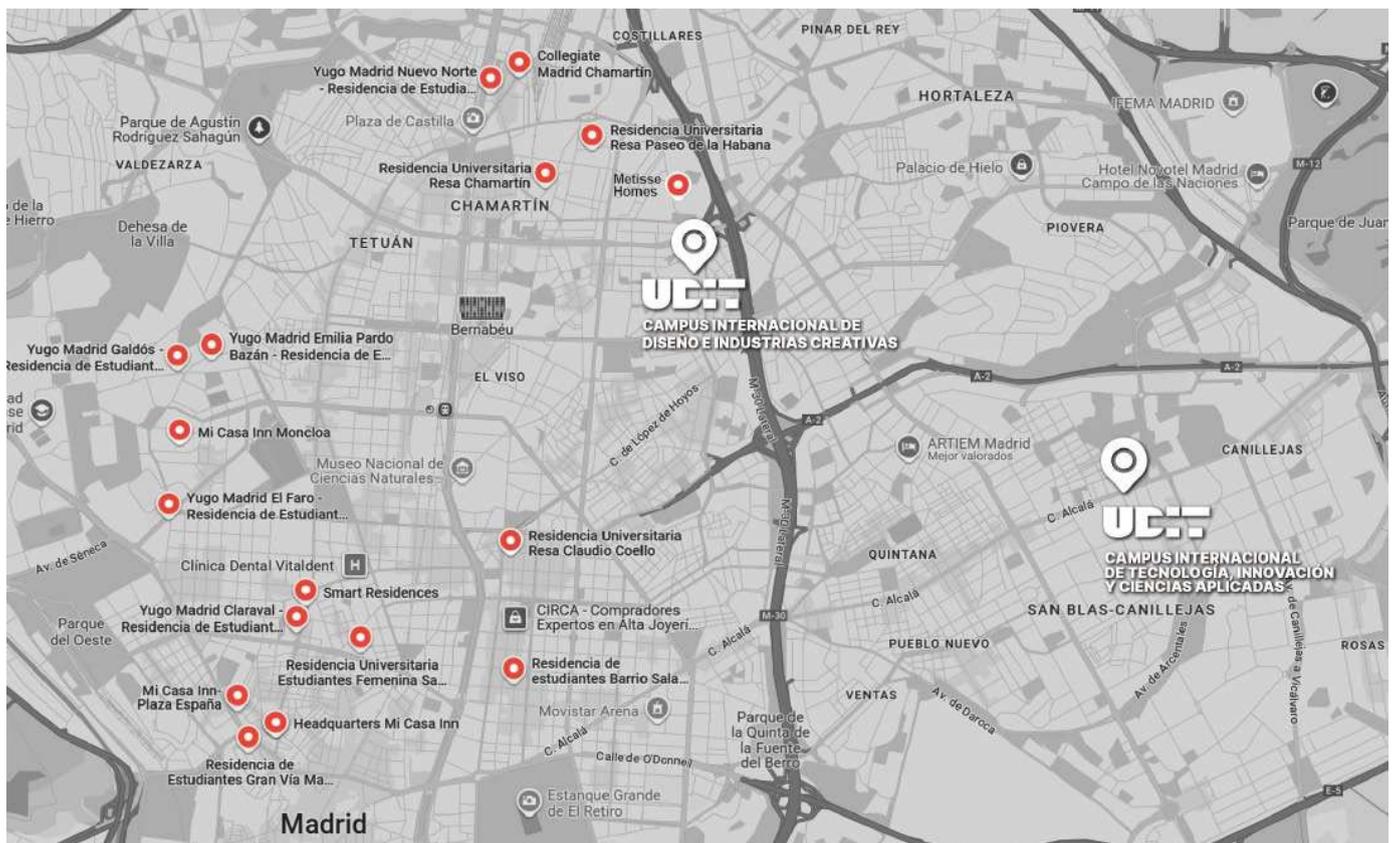

Madrid is the political, financial and cultural capital of Spain. It is a vibrant, cosmopolitan, welcoming and safe city.

It is perfectly connected with all European capitals and major cities around the world, featuring one of the most modern airports with international recognition, offering over 200 direct flights and 30 domestic destinations via high-speed trains.

It also has the second largest metro network in Europe, spanning 294 km and a total of 304 stations.

Madrid has an approximate population of 3.2 million inhabitants, and 6.9 million including the metropolitan area, making it the most densely populated city in Spain and the third in the European Union, behind Paris and London.

The Community of Madrid has the highest concentration of students in Spain and one of the highest in Europe, with over 300,000 university students. This fosters a vibrant cultural, artistic, sports and gastronomic scene, as well as a very active nightlife. It is the third city in the world in terms of organizing international events and is home to the headquarters of over 2,000 multinational companies.

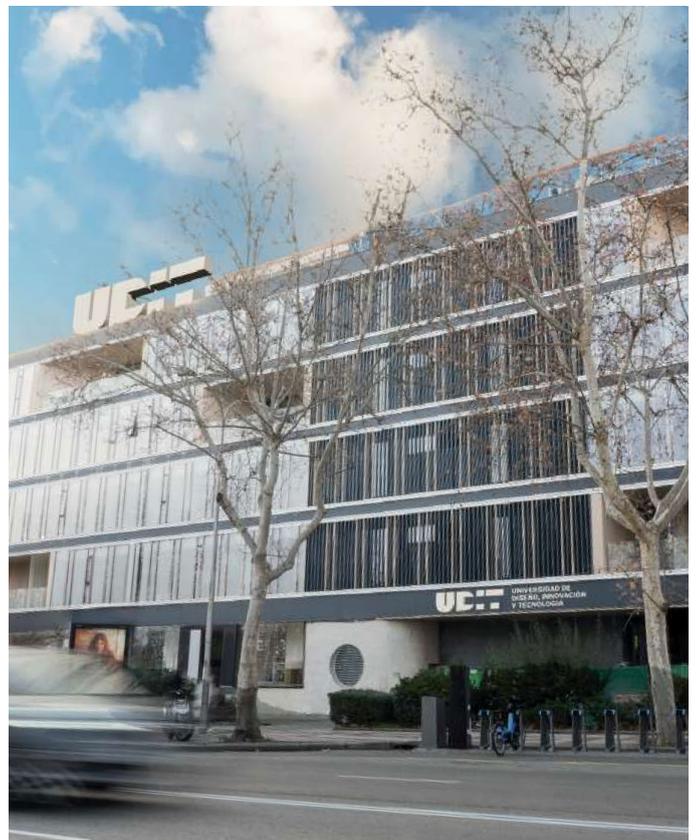

RELEVANT INFORMATION

UDIT features two urban campuses. One of the advantages of studying at UDIT is its privileged location in Madrid, with two of the few urban campuses in the city.

The International Campus of Design and Creative Industries is also located in one of the quietest areas of Madrid: The Chamartín district, which includes neighborhoods such as Plaza de Castilla, El Viso, Hispanoamérica, and Nueva España.

The International Campus of Innovation, Technology and Applied Sciences is located on the central Alcalá Street, offering a sustainable and strategically connected space, focused on innovation, entrepreneurship and new technologies.

Currently, Madrid is home to the headquarters of several of the most important companies in Spain. Located in two of the city's most exclusive areas, it features several skyscraper zones, including the Puerta de Europa Towers, adjacent to the AZCA skyscrapers and the Four Towers. Among its points of interest are the National Music Auditorium, the Natural Sciences Museum, Berlin Park, the Canal de Isabel II Park and the Santiago Bernabéu Stadium. It also has one of Madrid's most important and busiest railway stations, Madrid-Chamartín, which serves northern Spain.

The International Campus of Innovation, Technology and Applied Sciences

RELEVANT INFORMATION

Transportation:

Madrid is a well-connected city. It's a large city, but one that can be easily traveled from one end to the other using public transport. Those under 26 can use the metro, buses and commuter trains as many times as they like for just around €20/month.

In order to request it, you must first obtain a personal public transport card, either online or at the Public Transport Card Management Offices (call 012 for an appointment or visit <https://webttp.comunidad.madrid/CRTM-ABONOS/home.aspx>).

The distribution fee for the card is €4, and it is recharged at tobacco shops, mobile app or stations each month.

The International Campus of Design and Creative Industries

The International Campus of Innovation, Technology and Applied Sciences

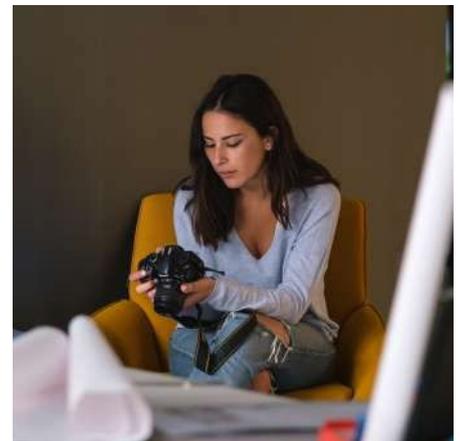

RELEVANT INFORMATION

Metro:

Madrid moves by metro: more than 2 million trips are made daily, and it operates from 6:00 AM to 1:30 AM every day of the week, both weekdays and holidays.

The nearest metro station to UDIT - Campus of Design and Creative Industries is Colombia, served by lines 8 and 9, as well as Avenida de la Paz on line 4. It is also just one stop away from Nuevos Ministerios, one of Madrid's main transport hubs, and three stops from Avenida de América, another major interchange.

The nearest metro station to our Campus of Innovation, Technology, and Applied Sciences is Suanzes, served by line 5, located right in front of the Parque Quinta de los Molinos.

Bus:

The bus schedule depends on the line number, but generally, it runs from 6:30 AM to 11:30 PM. After this time, the buses are replaced by night buses (called **búhos**).

To reach UDIT, you can take the following lines:

International Campus of Design and Creative Industries

- 40 (Tribunal - Alfonso XIII)
- 7 (Alonso Martínez - Manoteras)
- 11 (Bravo Murillo - Arturo Soria)
- 87 (Costa Rica - Gran vía de Hortaleza)

International Campus of Innovation, Technology and Applied Sciences

- 77 (Colonia Fin de Semana – Ciudad Lineal)
- 104 (Mar de Cristal – Ciudad Lineal)
- 105 (Ciudad Lineal – Barajas)
