Study Abroad 2027

Live life to the fullest

Explore the world with us, where learning, growth, and unforgettable experiences are at the heart of everything we do. Our programmes are made to give you the skills you need to succeed in today's world, explore new cultures and make friends for life.

Discover your potential

For over **75 years,** we've been helping young people discover their full potential. We focus on you as a person, not only on your studies. Whether you want to learn a new language, get ready for your future job, or simply discover yourself, we have something for you.

Give back & make a difference

We care about making a difference in the world. The **Bayswater Foundation's** aim is to make learning accessible to those less fortunate. Our One for One initiative matches every week bought and offers free language learning to communities in need.

EXPLORE & LEARN

Your future starts here

At Bayswater, **we go beyond traditional study abroad trips.** We provide global upskilling experiences that equip you with the tools, knowledge, and global mindset needed to thrive in the future of work.

Studying with us is more than earning a certificate. It's about personal and professional growth.

As a graduate, you'll be able to confidently talk about the skills you've gained and have digital certification to support you.

Whether you're looking to improve your language skills, gain US College credits or a diploma, we'll open doors to a world of opportunities.

Teaching philosophy

How we teach impacts what you learn.

Our approach:

Innovation
Our curriculum evolves to stay ahead of industry trends. Hands-on and project-based learning encourages collaboration and critical thinking.

Real-World Application
Working with classmates to solve problems, present ideas, and practice communication makes it easy to work within a team when you start working.

Expertise
Our qualified instructors bring industry insights and knowledge to the classroom. Their passion makes them the perfect partner on your journey.

Industry Connection
We team up with businesses to share trends, arrange company visits, and host guest speakers. This helps you navigate the future of work.

AI in the classroom
We'll show you the tools and how to use them, relevant to your area of study. You'll gain experience in how to apply AI in a practical or professional setting to be able to use it and get comfortable with it.

How you'll benefit:

- Develop your critical thinking
- Build your collaboration skills
- Strengthen your communication
- Grow your confidence
- Gain working knowledge of AI

Global upskilling

Earn a Global Skills Certificate

CPD MEMBER
The CPD Certification Service

This digital certificate shows the skills you've gained while studying with us for 4 weeks or more. This additional certificate will help you stand out when creating your resume.

Grow your global skills:

Communication and Intercultural Competence: Communicate effectively in different situations and engage with people from diverse backgrounds.

Critical Thinking: Assess information carefully to make well-informed decisions.

Collaboration: Work productively with others to achieve shared goals.

Problem-solving: Identify and resolve problems using practical strategies.

AI and Digital Literacy: Use digital tools and AI resources effectively and confidently.

Presentation Skills: Deliver clear and engaging presentations to various audiences.

What are global skills?

Global skills or soft skills, are the ability to thrive in international settings.

Typically you don't learn these in the classroom - our approach changes this and makes it possible.

Francisco Nanzer ★★★★

Collect Digital Badges

Push your potential even further with our badges. You'll get the opportunity to gain these through additional activities while studying with us. You can easily add these to your LinkedIn profile or CV, to stand out to future employers.

Volunteering:
Demonstrate your commitment to giving back to the community.

Leadership:
Recognise your potential as a future leader (Student Ambassadors).

Employability:
Highlight your job-readiness and career goals.

Networking:
Showcase your ability to build professional relationships.

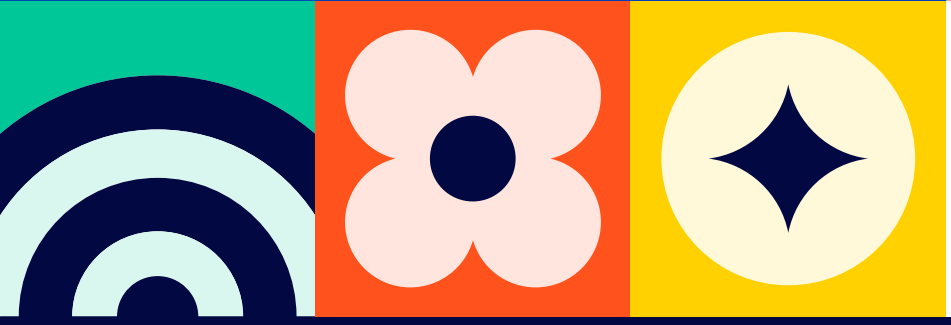

What are the benefits?

What this means for students:
Build your digital professional profile and resume to easily show your skills and potential to stand out.

What this means for employers:
Find potential talent easily, with assurance that skills and accomplishments are authentic.

Leverage our focus on global skills to make your future great.

"Good atmosphere during the classes and excellent support from the Bayswater team."

Language courses

Learning **English** and **French** at Bayswater is about more than just memorising vocabulary and grammar rules. You'll learn to not only speak, but communicate confidently and effectively in any setting.

Here's what sets us apart:

Master the skills of today:
Our programmes focus on critical thinking skills like analysing information and solving problems creatively. You'll learn to think on your feet and develop innovative solutions.

Communication champion:
Collaboration is key in today's world. Through teamwork and group projects, you'll build your ability to communicate effectively with others from diverse backgrounds.

Confidence through practice:
Presentations and discussions are easier when you practice your skills. We'll help you build the confidence to express yourself clearly and confidently.

Real-world ready:
We use a unique "mediation" assessment criteria, which encourages conversation. This ensures you can use language effectively to communicate, understand others, and be understood.
