- Visit the Lake Como

125 YEARS OF HISTORY

A FUTURE OF EXCELLENCE

In 2025, AC Milan is not only celebrating a birthday, but a century and a quarter of legendary history. Since its foundation in 1899, the Rossoneri club has embodied a vision of football that goes far beyond the game: a **philosophy of growth, constant challenge, and continuous improvement.**

The **AC Milan Academy Experience Élite** was born from this DNA: not just a simple summer camp, but a comprehensive training project that carries on the legacy of the great champions who have worn this jersey. A pioneering initiative that redefines the very concept of youth sports development.

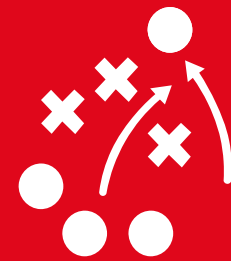

LOCATION

AC Milan's Official Vismara Sports Center

The AC Milan Academy Experience Élite will take place at **AC Milan's iconic training center**. This exclusive location is only available to our Elite experience players. The training center is comprehensive of 7 training pitches, changing rooms, cafeteria, gym and relax areas.

MODEL

The **AC Milan Academy Experience Élite** is not a simple summer camp, but a growth path that combines athletic development, personal training and innovation through:

**Advanced Technical
Tactical Training**

**Focus on
Individual Skills**

**High-Performance
Athletic Preparation**

**Mental
Coaching**

**Nutrition and
Recovery**

**Match
Analysis**

All this will take place in the club's elite facilities, including the Puma House of Football – Vismara, the beating heart of the Rossoneri youth team.

APPROACH

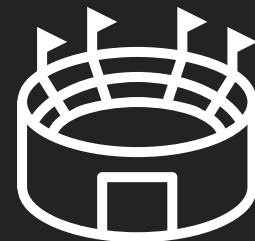

A sustainable and innovative model

The **AC Milan Academy Experience Élite** is not a simple summer camp, but a growth path that combines athletic development, personal training and innovation through:

Advanced Technical Tactical Training

- *Personalized Milan method for developing future talents.*
- *Mental Coaching & Resilience for leadership and pressure management.*
- *Performance Technology with video analysis, GPS tracking, and tailored programs.*
- *Nutrition and Recovery for physical and mental well-being.*

An experience beyond the field

- *Training integrated with Sportech Academy, combining sport and education.*
- *Visits to Casa Milan, meetings with Milan Legends.*

Inclusion and gender equality

- *Programs that equally enhance male and female talent.*
- *A respectful, inclusive environment for growth.*

Sustainability and social impact

- *Zero food waste and environmental awareness.*
- *Sustainable youth training facilities.*
- *Social responsibility programs engaging the local community.*

THE PROGRAM

STRUCTURED FOR EVERY AGE GROUP

The **AC Milan Academy Experience Élite** ensures an experience that combines high-level sports training with an educational and stimulating environment, guaranteeing young athletes concrete tools for their growth.

MONDAY

Reception & evaluation

- *Registration and presentation of the camp*
- *Athletic tests and technical analysis*
- *First training session: ball control and dribbling*
- *Second training session: 1vs1 game situations*

TUESDAY

Technique & tactics

- *Role-specific training*
- *Individual technique sessions*
- *Custom video analytics*
- *Mental coaching session*

WEDNESDAY

Culture & Relaxation

- *Excursion to historical sites*
- *Local food experiences*
- *Activities for recovery*
- *Team bonding*

THURSDAY

Development & competition

- *Intensive training with GPS tracking*
- *I work on leadership on the pitch*
- *Mental preparation sessions*
- *Recovery and injury prevention techniques*

FRIDAY

Optimization & competition

- *Individual work with ACM technicians*
- *Session dedicated to set pieces*
- *Personalized feedback on performance and progress*
- *Closing ceremony with awards*

SATURDAY

Final tournament & celebration

- *Final tournament*
- *Awards and individual recognition*
- *Closing of the camp and farewell to the participants*
- *Meet&Greet with AC Milan Legends*

- 30 hours of practical laboratories

SPECIAL EXCURSIONS

- Company visits to leading brands in Fashion, Automotive, Yachting, Jewellery, Watchmaking, and Design industries
- Visits to museums, innovation hubs, and creative spaces
- Cultural and networking experiences

WHAT'S INCLUDED

- Academic modules on Italian business excellence
- Workshops on leadership, strategy, and sustainability
- Guided visits to leading Italian companies
- Meetings with CEOs, entrepreneurs, and managers
- Final group project based on a real business challenge
- Accommodation at Aparto

LOCATION

The IBEM is headquartered in the heart of Milan, Italy's economic and financial capital, hosting the stock exchange, major banks, numerous multinational HQs, and a significant portion of Italy's GDP. Students will alternate in class lectures walking distance from their accommodation, as well as company and innovation districts visits across the Northern Italy, known as the primary industrial and economic powerhouse.

ACADEMIC PROGRAM

Available:

COURSE: BUSINESS FOUNDATIONS | **July 4 - July 18**

In this course, students build a strong foundation in Italian business management, focusing on leadership, strategy, and the organizational models that drive excellence in Italian enterprises. Through interactive classes and group coaching, participants develop key business skills and a deeper understanding of how Italian companies operate locally and globally.

01

**LEADERSHIP &
ENTREPRENEURIAL MINDSET**

02

**STRATEGY, INTERNATIONALIZATION
& FINANCE**

03

**SUPPLY CHAIN, SUSTAINABILITY
& OPERATIONS**

ACADEMIC PROGRAM

COURSE: PRACTICE & INDUSTRY DEEP DIVE

In this course, students gain firsthand experience of Italian excellence by immersing themselves in real business environments. Through company visits, applied workshops, and direct interaction with industry leaders, participants explore how Italian companies transform strategy, craftsmanship, and innovation into globally recognized success. The course focuses on luxury industries, technological innovation, and entrepreneurial decision-making in practice.

MEDICINE

AGES 15-18 | RESIDENTIAL & DAY | ENGLISH B1+ | MILAN

The **Medicine Summer Program** with **academic coordination by Università Vita-Salute San Raffaele (UNISR)** is designed for motivated high school students who are considering a future in medicine or healthcare. Through direct training with doctors and specialists, participants not only gain early exposure to medical practice but also develop essential skills in diagnostics, emergency response, and patient care.

ACADEMIC PROGRAM

- Medical simulations
- Specialist Workshops
- Doctor-patient interactions
- Hospital Immersion
- Medical Technologies
- Admissions exam preparation

STRUCTURE

- Intensive 50-hour academic programme + activities

SPECIAL EXCURSIONS

- Lake Como Excursion
- Milan Sightseeing

WHAT'S INCLUDED

- Daily lessons, labs & hospital simulations.
- Accommodation at Aparto
- All excursions & cultural activities
- Insurance & 24/7 staff support

UniSR

Università Vita-Salute
San Raffaele

LOCATION

The program takes place at **UNISR** which is leading medical school in Italy known for its exceptional integration of teaching and research. One of the university's defining features is its close affiliation with the renowned **San Raffaele Research Hospital**, a pioneer in cutting-edge medical and scientific research. UNISR is ranked **top 40 universities** in the World and offers a 6-year International MD program.

ACADEMIC PROGRAM

Available:

July 5 - July 18

Students are introduced to the fundamentals of medicine and healthcare practice, learning the theoretical foundations of key medical specialties while gaining practical experience through hands-on simulations in the simulator lab. The program will also teach students the fundamentals of doctor-patient interactions, medical research as well as deep dive into the admission process for Italian medical universities.

— PERFORMING ARTS

AGES 15-18 | **RESIDENTIAL & DAY** | **ENGLISH B1+** | **MILAN**

The **Performing Arts Summer Program** in Milan is designed for creative high school students passionate about music, theatre, and performance. In partnership with Teatro alla Scala, Teatro Arcimboldi, and Piccolo Teatro, this immersive two-week experience offers a rare opportunity to train with world-class artists and technicians. Participants gain hands-on experience in singing, directing, costume, and set design — developing both artistic and technical skills while staging their own original opera in the heart of Italy's cultural capital.

ACADEMIC PROGRAM

- *Singing & Costumes*
- *Directing & Set Design*

STRUCTURE

- *Intensive 30 hour programme*

SPECIAL EXCURSIONS

- *Exclusive Backstage Tour at Teatro alla Scala*

WHAT'S INCLUDED

- *Workshops and rehearsals at Teatro alla Scala and Teatro Arcimboldi.*
- *Studio access for rehearsals & Showcase*
- *Accommodation at Aparto.*
- *All excursions & cultural activities.*
- *Insurance & 24/7 staff support.*

TAM TEATRO
ARCIMBOLDI
MILANO

TEATRO ALLA SCALA

PICCOLO
TEATRO DI MILANO • TEATRO D'EUROPA

LOCATION

Hosted at Teatro alla Scala, Teatro Arcimboldi, and Piccolo Teatro – three of Europe’s most iconic performing arts institutions, the program takes place in Milan the heart of Italy’s operatic and artistic tradition. Students train in professional rehearsal spaces and workshops, gaining firsthand experience in world-class theatres where opera history is made.

ACADEMIC OPTIONS

OPTION 1 COURSE: SINGING & COSTUMES

Available:

July 6 – July 11

Build a strong foundation in **vocal technique**, **Italian diction**, and **stage acting** while exploring the visual and stylistic elements of opera. Daily workshops at Teatro alla Scala and Teatro Arcimboldi guide participants through ensemble singing, character development, movement, and expressive performance. At the same time, students dive into **costume history and design**, learning to interpret a libretto through fabric, color, and silhouette, with hands-on sessions in concept boards, sketching, fittings, and basic stage makeup.

01

VOCAL TECHNIQUES & DICTATION

02

ACTING & MOVEMENTS

03

COSTUME DESIGN

ACADEMIC OPTIONS

OPTION 2
COURSE: DIRECTING & SET DESIGN

Available:
| July 13– July 17 |

Step into the creative and technical roles of **directing, stagecraft, and production design**. Workshops cover scene blocking, libretto interpretation, lighting, sound, set construction, and stage management. Participants collaborate on model-box **storyboarding, props,** and **scenic integration**, while coordinating costumes and makeup. Staggered and dress rehearsals, where students bring their own original short opera to life for a final showcase, gaining practical experience in all aspects of mounting a professional production.

dallara
ACADEMY

 **INNOVATION
FARM**

LOCATION

The **Dallara Academy** is a world-class hub for motorsport innovation, education, and engineering excellence, created by the legendary Italian race car manufacturer, Dallara. Located in Parma, the Academy combines modern facilities with decades of racing expertise, offering a unique environment where theory meets real-world performance.

ACADEMIC PROGRAM

Available:

July 5 - July 18

In this course, students explore the fundamentals of motorsport engineering. They learn the theory behind car design and performance, covering areas such as aerodynamics, vehicle dynamics, and digital design. At the same time, they gain practical experience by building and racing a scale Formula 1 car, training with professional simulators, and visiting world-class motorsport institutions like Dallara, Dallara Compositi and the Ferrari Museum.

AUTOMOTIVE DESIGN & FUTURE MOBILITY

AGES 15-18 | RESIDENTIAL | ENGLISH B1+ | MILAN

Designed for high school students with an interest in the automotive industry, including design, creativity, engineering and future mobility, this immersive two-week program introduces the fundamentals of automotive design through studio work, clay modelling, digital tools and curated industry visits in Milan, Turin and Motor Valley

ACADEMIC PROGRAM

- Car Design Foundations
- Sketching
- Clay Modeling & Volume Development
- Digital Rendering & Basic 3D Exploration
- Interior & UX Design Basics Future
- Mobility Concepts

STRUCTURE

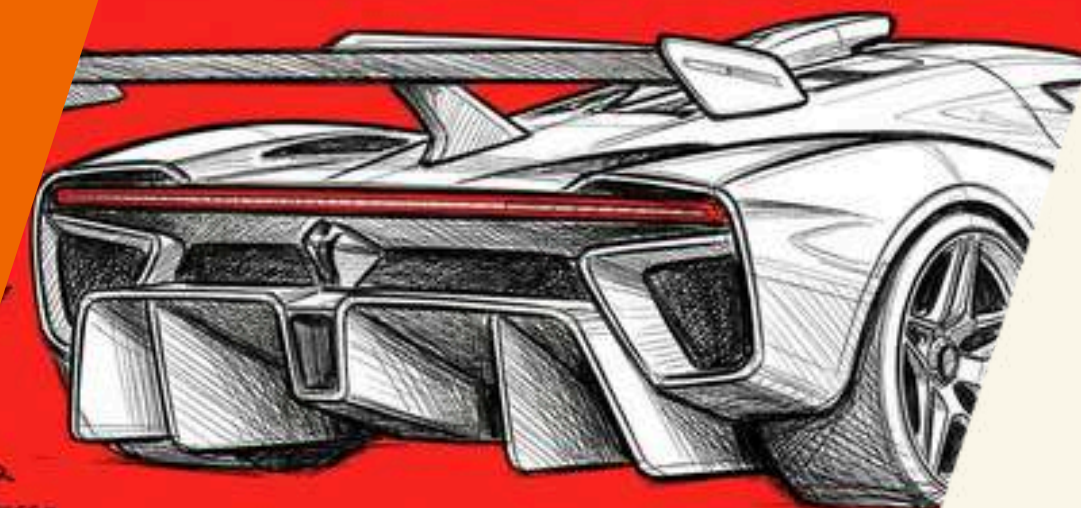

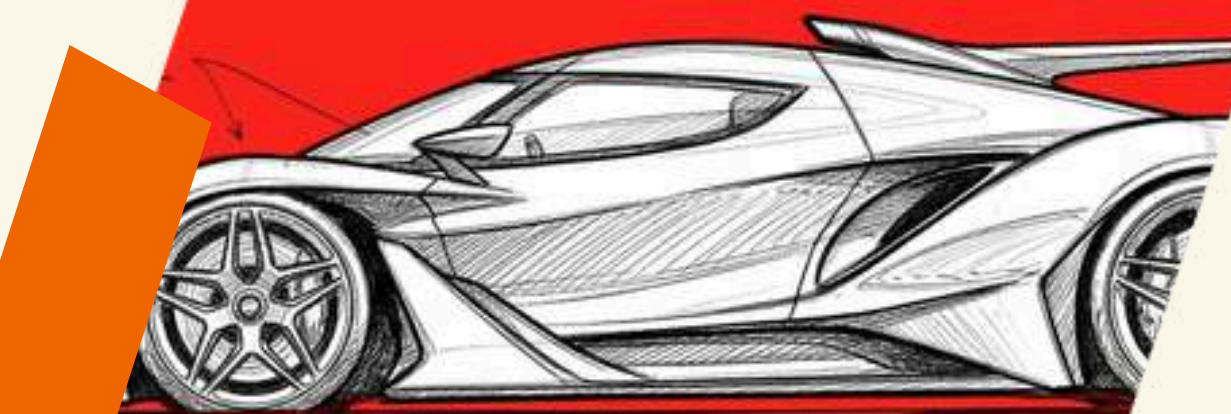

- Intensive 30-hours of classes & labs

SPECIAL EXCURSIONS

- Motor Valley (Dallara and Pagani Automobili)
- National Automotive Museum
- ADI Museum

WHAT'S INCLUDED

- All studio lessons & clay modelling labs
- Project materials & digital software
- Clay model creation
- Accommodation in Milan
- 3 meals/day (full board).
- Sports & leisure activities.
- Excursions & cultural visits.
- Certificate of completion.
- Insurance & 24/7 staff supervision.

LOCATION

The program is primarily based in Milan, Italy's design capital, where students work in modern labs equipped with professional software for sketching, digital rendering and clay modelling within a dynamic creative environment. The experience extends to Turin, the historic heart of Italian automotive culture, and to Motor Valley, where students explore craftsmanship, brand identity and the evolution of automotive design, connecting heritage with the future of smart mobility and innovation

ACADEMIC PROGRAM

Available:

July 5 - July 18

In this course, students explore the foundations of automotive design and future mobility. Through studio-based learning, they develop sketching techniques, understand vehicle proportions, experiment with clay modelling, and translate ideas into digital renders using professional software in modern labs. The program culminates in the development and presentation of a personal automotive concept, including redined sketches, a digital render and a 1:10 scale clay model.

— AEROSPACE ENGINEERING & SPACE TECH

AGES 15-18 | **RESIDENTIAL** | **ENGLISH B1+** | **ROME**

Designed for students passionate about space exploration, aviation and engineering. Hosted in partnership with **Università Sapienza's School of Aerospace Engineering** and one of the **world's leading agencies such as Agenzia Spaziale Italiana e Agenzia Spaziale Europea**. Participants will design and build their own rocket prototype, culminating in a rocket launch experience

ACADEMIC PROGRAM

- Aerospace Engineering Foundations
- Rocket Design & Propulsion
- Space Mission Simulation
- Embedded Systems & Arduino Programming
- Rocket Prototype Development

STRUCTURE

- Intensive 30-hours of classes & labs

SPECIAL EXCURSIONS

- Visit to a leading aerospace company
- Rocket Launch in Rovigo
- Rome's Colosseum
- Rome Sightseeing (Colosseum, Pantheon, Fontana di Trevi, etc)

WHAT'S INCLUDED

- All lectures & engineering labs
- Project materials & simulation software
- Accommodation in Rome
- 3 meals/day (full board).
- Sports & leisure activities.
- Excursions & cultural visits.
- Certificate of completion.
- Insurance & 24/7 staff supervision.

SAPIENZA
UNIVERSITÀ DI ROMA

SCUOLA DI INGEGNERIA AEROSPAZIALE
since 1926

LOCATION

The program takes place in Rome at the facilities of the School of Aerospace Engineering, one of Europe's most historic institutions dedicated to aerospace research and education. Founded in 1926, the school celebrates 100 years of aerospace innovation and has trained generations of engineers who now work across Italy's aerospace sector, including leading agencies such as Agenzia spaziale Italiana (ASI) and Agenzia Spaziale Europea (ESA). Students will experience a real academic environment at the heart of Italy's aerospace ecosystem, while also discovering the cultural richness of one of World's most iconic cities.

ACADEMIC PROGRAM

Available:

July 19th - August 1st

During the program students explore the fundamentals of rocket engineering and space technologies through lectures, laboratory activities and project-based learning. Participants will learn how rockets work, how propulsion systems are designed and how aerospace engineers plan space missions. Using simulation tools such as OpenRocket, students will model rocket trajectories and understand flight dynamics, while also developing Arduino-based systems used to control rocket electronics and collect flight data. The program culminates in the development of a rocket prototype designed and built by the students.

ACADEMIC INTEGRATION

sportechacademy.com

— PRE DIPLOMA COURSE

\ AGES 14 – 17 \ SUMMER SKILLS PROGRAM \ ACADEMIC \ RIMINI

The Pre Diploma Preparation Program is designed for students about to begin or in process of their **International Baccalaureate journey**, offering them the confidence, skills, and academic foundation to start strong. Through small classes led by experienced **IB teachers** and examiners, participants build subject-specific knowledge, strengthen critical thinking, and practice essential study techniques that will support their success in the **Diploma Programme**.

Hosted by: **International School Rimini**

ACADEMIC PROGRAM

- Academic Writing & Referencing (APA/MLA)
- Research / Source Evaluation
- Math Foundation
- Presentation & Critical Thinking

SPECIAL EXCURSIONS

- Excursion to Mirabilandia's Theme Park
- Beach day
- Evening excursion to San Marino Old Town

STRUCTURE

- Intensive 40- hour of academic lessons

WHAT'S INCLUDED

- Daily coaching & reflection sessions
- Afternoon sports, beach activities & cultural excursions
- Evening social events (karaoke, arcade, gelato night)
- Accommodation in 4★ hotel,
- 3 meals/day
- 24/7 supervision (House Parent)

LOCATION

The **International School Rimini (ISR)** is an authorized IB World School, offering a modern and supportive academic environment fully aligned with the International Baccalaureate ethos. Located in the **heart of Rimini**, just minutes from the Adriatic coast, the school combines academic excellence with cultural richness, creating the perfect setting for international learning.

— ACADEMIC PROGRAM

Available:

July 5 – July 11 \ **July 12– July 18**

Our program blends academic preparation, personal development, and cultural immersion to ensure students start the IBDP with confidence, resilience, and an international mindset. Each student selects 4 subjects in total

Academic Focus

- Lessons taught by experienced IB teachers and examiners.
- Academic writing & Referencing
- Research & source Evaluation
- Math Foundations & Problem Solving
- Science Fundamentals (scientific method, lab safety simulations)
- Presentation & Critical Thinking
- Study Skills & Wellbeing

Cultural & Social Balance

- Afternoon sports and beach activities (sailing, beach volley, Fresbee, beach tennis tournaments).
- Excursions to San Marino and Rimini's historic landmarks.
- Italian cooking workshops and evening social events.

Personal Growth

- Daily 1-to-1 coaching and reflection sessions.
- Building self-confidence and communication skills.
- Workshops on critical thinking, presentations, and debate.

MAIN SUBJECTS

- Mathematics: Applications & Interpretation
- Biology
- English: Language & Literature
- Economics

OPTIONAL SUBJECTS*

- Chemistry SL
- Spanish SL
- Psychology SL
- History SL

BUC
SCHOOL OF LIFE

 **CAMBRIDGE**
International Education
Cambridge International School

— ACADEMIC PROGRAM

In this course, students prepare for Cambridge International AS and A Levels through focused subject instruction, academic English, and study skills development. With guidance from expert Cambridge teachers in small classes, they build confidence and readiness while enjoying cultural activities and excursions in Italy.

SUBJECT PREPARATION

MANDATORY SUBJECTS

- English (Language & Literature)
- Mathematics
- Science (Choose 1)
- Biology
- Chemistry
- Physics

ELECTIVE

- Economics / Business
- Global Perspective
- Philosophy
- ICT / Computer Science
- Spanish

STUDY SKILLS & INDEPENDENT LEARNING

- Training in study techniques, self-management, and strategies for independent learning.

CRITICAL THINKING & APPLIED PROJECTS

Cambridge Thinking Skills, workshops, projects, and reflective tasks to build analytical ability.

LOCATION

BDC School, located in the heart of Milan, is a prestigious **Cambridge International School** recognized for its academic excellence and innovative teaching methods. With modern facilities, a strong international community, and a team of highly qualified teachers, BDC provides the ideal environment for students preparing to enter the AS/A Level pathway.

—TESTIMONIALS

"Thank you for everything, it has been a pleasure working with you, our student really enjoyed the Design course, we will be back next year with more students" - Amalia (Educational Operator)

"Thank you all for your dedication, kindness and for treating our kids with respect and teaching them about life, diet, the importance of a positive mentality and of course football. They have returned happy, regenerated and ready for the next challenge life throws at them" - Liam (AC Milan Participant Parent)

"Thank you for everyone, the fashion program was a very wonderful experience. Maybe we see each other another time :) wish you all the best"- Tereza (Fashion Student)

"My daughter loved the cooking course! She will be back next year for sure!" - Jennifer (Cooking Student Parent)

"Excellent overall service, even prior to the even obtaining the visa and etc. Sportech Academy's team was very helpful, especially Marco was very helpful" - Silmy (AC Milan Participant Parent)

"I had a wonderful experience in Milan as I truly got the opportunity to express myself and my culture by creating my personal project. I recommend it to all the students that wish to follow their passions" - Entian (Design Student)
